2009–10 Value Cards: Your First Day is FREE!

Are you planning to ski or ride this winter, but not sure if you will fully benefit from a season pass? Then the Value Card is the right choice for you. When you purchase a Value Card your first day of skiing or riding is free, and every lift ticket purchased thereafter is discounted.

Request the **Direct to Lift** option when you purchase your Value Card. By choosing Direct to Lift you'll be able to avoid the ticket window and get out on the mountain faster. Value Card holders simply have their pass scanned at the lift by the ticket checkers, and their credit card* is automatically charged the appropriate discounted day rate.
