

**Janet Scruggs**

When mixed media artist Janet Scruggs looks at the world through the lens of her imagination, she sees texture, colour, line and shape. For Janet, who has a degree in education as well as a Level 3 Certificate from City and Guilds of London England, a love of learning is matched by a love of teaching.

She teaches, mentors others and exhibits her work locally, nationally and internationally. Her interest is piqued by themes and opportunities to use surface design techniques in conjunction with extemporaneous hand embroidery.
